

GLASSWASHERS / AE RANGE

Specifications for the range:

The Aristarco front-loading dishwashers are sturdy and elegant, designed to meet all washing needs while guaranteeing high quality long-lasting performance.

The **AE range** is entirely made of stainless steel and stands out for its easy use and its essential controls. It is especially suggested for those looking for a functional and effective appliance at an entry-level price.

Easy range, easy-to-use product, easy price.

AE range dishwasher dimensions allow different types of use and the possibility to wash glasses, dishes and trays up to a height of 35 cm.

Rinsing and washing system is based on top and bottom rotating spray arms made of stainless steel tubes. They are designed to be fully removable to facilitate their cleaning and therefore to ensure them a longer life.

Easy maintenance, a wide range of accessories, safety thermostats and door micro-switches are the other distinguishing features of this range.
