

**PALUX** DISHWASHING MACHINE GSC 400  
KITCHENS WITH CONCEPT

PALUX series GSC 400 dishwashing machines are compact, powerful machines which have universal application. Even as a special glass washing machine and are easy to integrate. They are available as a freestanding unit or one the can be built-in as a washing ventre with a basin and as an upright model on an enclosed bottom cabinet for a convenient operation height.

**Plus points at a glance:**

- **3 washing programs** of 60, 120 and 240 seconds
- **Large internal washing compartment:** high module, sufficient for GN 1/1 plates and trays (basket size 500 x 500 mm)
- Low noise, energy saving washin operation as a result of **double walled housing design** and insulated boiler
- **Water level indicator in the washin tank** with automatic topping up
- **Optimum filtering of washing suds** by dual strainer system with area and pump strainer **for low water and washing agent consumption**
- Easy to clean because of **seamlessly deep drawn internal tank** compartment with large radii
- All model **also available in 230V version**
- **Extremely easy to use** and very reliable

**Optional:**

- Suds-pump
- Automatic measuring into dosis of cleansing agent
- Automatic measuring into dosis of cleansing agent and suds pumps
